

The President's Choice SuperDogs Presents
The Bow Wow Factor
Best of the SuperDogs

Spot On Entertainment, producers of the SuperDogs, are thrilled to present their new turn-key show, "The Bow Wow Factor," a scalable production designed for smaller venues, outdoor spaces and shorter-length fairs.

This fast-paced, family-friendly show brings together some of the best elements from previous productions, like HOLLYWOOF, DISCO DOGS, WILD WILD WOOF and more, highlighting the athletic and comedic talents of a wide range of SuperDogs. It's an ideal attraction for smaller-duration fairs that do not have a permanent building or infrastructure but still want a show with all the advantages of a nationally recognized brand.

Spot On Entertainment C.E.O. Phil Shuchat says, *"The Bow Wow Factor can be performed indoors or outdoors, we can produce multiple shows a day with our trademark Pat n' Chat after every show, and we bring our own customized tent that serves as our kenneling area, office and storage space. It also serves as our proscenium back-drop with eye-catching graphics. And our state-of-the-art, all-new, custom-designed props require minimal set-up and take-down time. We can also provide a performing surface if required."*

The SuperDogs have been entertaining audiences live, on television and in movies for over 40 years and they continue to break new ground with every production. As long-time supporters and sponsors of CAFE, and an all-Canadian company from top to bottom, Spot On Entertainment is proud to introduce this exciting new brand, "The Bow Wow Factor."
